- a. Intended Use: DeHaven Sales
- b. Plan Commission Recommendation: DO NOT PASS

This ordinance received a DO NOT PASS recommendation for the following reasons:

- 1) The land use in the area clearly indicates that substantial amounts of residential development exists in the area with Ansley Acres Addition to the west and Edsall's Subdivision to the east.
- 2) Compatibility is also a consideration here. The "B3B" zoning for this type of lot would slice the residential development completely into two distinct areas.

Dear Gary:

As you know, by communication on January 30, 1974, the above-captioned bill received a "do pass" recommendation, subject to satisfaction of four (4) conditions.

As you also know, we were granted the courtesy of being placed on the executive agenda, as a result of our request on March 25, 1974, to request the removal of the fourth condition, because of the fact that it rendered the potential development, in essence, an economic impossibility.

We were unsuccessful in getting the necessary six (6) votes, and our request to remove the fourth condition failed by virtue of a 5-4 vote. Were this matter to be retained under City jurisdiction, we would proceed further, and not withdraw our petition, but because the City loses jurisdiction on April 29th, we are electing, without prejudice, to withdraw our petition and to proceed with the County.

Would you be kind enough to consider this request, on behalf of my clients, the petitioners, as a formal request to withdraw the petition, which received a favorable recommendation, subject to the satisfaction of four (4) conditions.

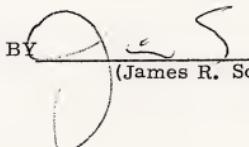

Mr. Gary Baeten
